SUMMARY

Bob has spent over 25 years guiding emerging companies through various cycles of an enterprise life, focusing on companies experiencing rapid/hyper-growth. His leadership roles have spanned a wide variety of industries where he's specialized in identifying key business drivers and focusing on those drivers. He's an experienced financial leader for private equity investments, with multiple engagements transitioning organizations from private ownership to an investor-owned environment. Bob thrives on working with a team to amplify growth opportunity and maximize enterprise value.
